- In or about April of 2025, Plaintiff went to the Business. 10.
- The Business is a tire shop business establishment, open to the public, and is 11. a place of public accommodation that affects commerce through its operation. Defendants provide parking spaces for customers.
- While attempting to enter the Business during each visit, Plaintiff personally 12. encountered a number of barriers that interfered with his ability to use and enjoy the goods, services, privileges, and accommodations offered at the Business.
- To the extent of Plaintiff's personal knowledge, the barriers at the Business 13. included, but were not limited to, the following:
  - Defendants failed to comply with the federal and state standards for a. the parking space designated for persons with disabilities. Defendants failed to provide proper van accessible space designated for the persons with disabilities as there were no "NO PARKING" markings, blue borderlines, or blue hatched lines painted on the parking surface to indicate the presence of an access aisle.
  - Defendants failed to comply with the federal and state standards for b. the parking space designated for persons with disabilities. Defendants failed to paint the ground as required.

Filed 07/03/25

- Defendants failed to maintain the parking space designated for d. persons with disabilities to comply with the federal and state standards. Defendants failed to maintain the paint on the ground as required, resulting in the markings becoming severely deteriorated, hindering visibility.
- Defendants failed to comply with the federal and state standards for e. the parking space designated for persons with disabilities. Defendants failed to provide at least one accessible entrance as required, as there was a step at the entrance to the Business.
- Defendants failed to comply with the federal and state standards for f. the parking space designated for persons with disabilities. The height of the posted required signages was lower than the height allowed by the standards.
- 14. These barriers and conditions denied Plaintiff full and equal access to the Business and caused Plaintiff difficulty and frustration. Plaintiff wishes to return and patronize the Business; however, Plaintiff is deterred from visiting the Business because his knowledge of these violations prevents him from returning until the barriers are removed.
- 15. Based on the violations, Plaintiff alleges, on information and belief, that there are additional barriers to accessibility at the Business after further site inspection. Plaintiff seeks to have all barriers related to his disability remedied. See Doran v. 7-Eleven, Inc. 524 F.3d 1034 (9th Cir. 2008).

- At all relevant times, Defendants had and still have control and dominion 17. over the conditions at this location and had and still have the financial resources to remove these barriers without much difficulty or expenses to make the Business accessible to the physically disabled in compliance with ADDAG and Title 24 regulations. Defendants have not removed such barriers and have not modified the Business to conform to accessibility regulations.

- A failure to remove architectural barriers, and communication barriers c. that are structural in nature, in existing facilities, and transportation barriers in existing vehicles and rail passenger cars used by an establishment for transporting individuals (not including barriers that can only be removed through the retrofitting of vehicles or rail passenger cars by the installation of a hydraulic or other lift), where such removal is readily achievable. 42 U.S.C. § 12182(b)(2)(A)(iv).
- A failure to make alterations in such a manner that, to the maximum d. extent feasible, the altered portions of the facility are readily accessible to and usable by individuals with disabilities, including individuals who use wheelchairs or to ensure that, to the maximum extent feasible, the path of travel to the altered area and the bathrooms, telephones, and drinking fountains serving the altered area, are readily accessible to and usable by individuals with disabilities where such alterations to the path or travel or the bathrooms, telephones, and drinking fountains serving the altered area are not disproportionate to the overall alterations in terms of cost and scope. 42 U.S.C. § 12183(a)(2).
- Where parking spaces are provided, accessible parking spaces shall be 21. provided. 1991 ADA Standards § 4.1.2(5); 2010 ADA Standards § 208. - 22. For the parking spaces, access aisles shall be marked with a blue painted borderline around their perimeter. The area within the blue borderlines shall be marked with hatched lines a maximum of 36 inches (914 mm) on center in a color contrasting with that of the aisle surface, preferably blue or white. The words "NO PARKING" shall be painted on the surface within each access aisle in white letters a minimum of 12 inches (305 mm) in height and located to be visible from the adjacent vehicular way. CBC § 11B-502.3.3.
- 23. Here, Defendants failed to provide a proper access aisle as there were no "NO PARKING" markings, blue borderlines, or blue hatched lines painted on the parking surface to indicate the presence of an accessible aisle.
- 24. The surface of each accessible car and van space shall have surface identification complying with either of the following options: The outline of a profile view of a wheelchair with occupant in white on a blue background a minimum 36" wide by 36" high (914 mm x 914 mm). The centerline of the profile view shall be a maximum of 6 inches (152 mm) from the centerline of the parking space, its sides parallel to the length of the parking space and its lower side or corner aligned with the end of the parking space length or by outlining or painting the parking space in blue and outlining on the ground in white or a suitable contrasting color a profile view of a wheel chair with occupant. - 26. At least one accessible route shall connect accessible building, facilities, elements, and spaces that are on the same site. 1991 ADA Standards § 4.3.2. A public accommodation shall maintain in operable working condition those features of facilities

- By failing to maintain the facility to be readily accessible and usable by 31. Plaintiff, Defendants are in violation of Plaintiff's rights under the ADA and its related regulations.
- 32. The Business has denied and continues to deny full and equal access to Plaintiff and to other people with disabilities. Plaintiff has been and will continue to be discriminated against due to the lack of accessible facilities, and therefore, seeks injunctive relief to alter facilities to make such facilities readily accessible to and usable by individuals with disabilities.
